Wasi Ski Club Snowshoe Trails, 907 Lake Nosbonsing Rd, Astorville, ON

Winter 2016

## 7 km of trails through the woods

Snowshoeing is an easy way to get outside in the winter and get some fresh air and exercise. At Wasi XC ski club, you can enjoy 7 km of snowshoe trails. Check out some nice views of the beaver pond along the Porcupine and Moose trails and catch some winter sun. The trails are mostly protected from the wind by trees, convenient on colder winter days.

The trail network starts out from the chalet with a moderate climb on the Chipmunk loop. The remaining terrain varies in elevation with a few short climbs, but is generally easy in difficulty.

The snowshoe trails are marked with yellow markers. Trail maps are posted at trail intersections.
